EQUINELINE UNVEILS DIGITAL PEDIGREE BINDER

The Jockey Club Information Systems Inc. (TJCIS) today unveiled the Pedigree Binder, which enables users to easily manage, store, and view EquineLine pedigrees online. The new tool is available for no additional charge whenever someone purchases an EquineLine pedigree, race record, or mare produce record in PDF format.

The digital Pedigree Binder offers a host of features, including the ability to organize EquineLine pedigrees and race and produce records into a personal online binder, the capacity to view binders as an electronic flipbook or PDF, and the potential to share binders with others through email and social media outlets such as Facebook and Twitter.

Pedigree binders may also be personalized by uploading PDF cover pages for each binder as well as for each horse within a binder and can include logos, photos, and video links.

“Many breeding farms and Thoroughbred owners currently maintain hardcopy binders or books with pedigrees for reference,” said Carl Hamilton, chairman and president of TJCIS. “This new service will simplify the organization and sharing of this information in a professional state-of-the-art presentation, and it should be a valuable tool for owners and other industry professionals.”

Additional information about the Pedigree Binder, including a sample binder, is available at equineLine.com/pedigreebinder/.

The Jockey Club Information Systems Inc., a wholly owned subsidiary of The Jockey Club, is an industry leader in the areas of technology and information services for industry professionals, including owners, breeders, trainers and farm personnel. TJCIS uses state-of-the-art technology to enhance the services it provides through equineLine.com as well as its cataloging and software sales and consulting divisions. It develops applications for a host of operating systems.

THOROUGHBRED CHARITIES OF AMERICA AWARDS OVER \$512,000 IN GRANTS

LEXINGTON, Ky. – Thoroughbred Charities of America (TCA) announced today grants totaling \$512,105 have been awarded to 74 Thoroughbred industry-related non-profits that work to uphold TCA’s mission.

TCA distributes grants to several categories of Thoroughbred industry related nonprofits including rescue, rehabilitation and adoption organizations; backstretch and farm employee programs; therapeutic riding programs; and research organizations. Grant applications for the 2015 grant cycle will be available on www.tca.org in early January.

“We are very pleased to announce our 2014 grants,” said TCA president Dan Rosenberg. “These grants are only possible due to the generosity of our donors; without their support these grants would not be possible. We are committed to being a good steward of any and all donations made to TCA and, accordingly, employ an extensive application and review process. Our 2014 grantees are working hard to uphold our mission and we are proud to support them.”

TCA has granted over \$20 million to more than 200 Thoroughbred-related charities since its inception in 1990. TCA grants funds to organizations that successfully meet the criteria set forth in its annual grant application.

Formed in 1990, TCA’s mission is to provide a better life for Thoroughbreds, both during and after their racing careers by supporting retirement, rescue and research and by helping the people who work with them. TCA raises money for distribution to charitable organizations that work to uphold its mission. From 2000-2013, more than 95% of TCA’s expenditures were allocated to program services including direct grants. Donations to TCA are always accepted and can be made as direct donations or as donations in lieu of flowers, birthday gifts or other occasions. TCA’s largest annual fundraiser is a Stallion Season Auction held each January. For more information please visit www.tca.org.
